

Released Engineering Change Notice

| | |
|---------|----------------------------|
| Product | Various PL |
| Title | Regulator Adaptor |
| Date | 5 th April 2005 |

| |
|--|
| Details Of Change |
| The switching regulator used on this PCB is now obsolete. In order to use a quantity of PCB's, which are in stock, an adaptor AG6166_A has been designed to allow another regulator to be used. |

| |
|--|
| Reason for change |
| Allows use of a stock of existing boards until they are all used when a redesigned board will be ordered. |

| | | |
|-----------------------------|-----------------------|--|
| This EC� supersedes EC� No. | REC�1132, 1133 | |
