

Released Engineering Change Notice

Product	XB14
Title	Eliminate hum on stereo i/p. Reduce switch click.
Date	16/03/09

Details Of Change
<p>Add link to all Iss1 stereo & USB assemblies (003-902 & 003-903). See drawing below. Add R95 & R96 to stereo & USB assemblies (003-902 & 003-903).</p> <p>Up-issue the PCBs to Issue 2 (AG7454 & AG7455)</p>

Reason for change
<p>1/4" Stereo channels can emit hum when no input is connected and gain/channel fader is up. Reduce on clicking from on switches.</p>
